October 4, 2019

Please excuse the form letter; I get this request A LOT so rather than type this every time I get the inquiry – I have created this letter.

Your section coordinator is compiling a list of people in your section that want to attend the World Shoot next year.

This list, along with the other sections will be compiled as a complete list in late November.

IPSC Canada will receive a limited number of slots from IPSC likely in December or January.

At that time, I will use the ranking on the IPSC Canada website to offer slots to people who are on the list.

I'll contact them directly asking for slot payment, and if someone doesn't pay for the slot within 5 days, I will move on to the next person. If you are not on the national rankings then you will likely only be contacted if we have been given more slots than people that want to go. It could happen, but it hasn't happened in the last 4 World Shoots so the odds of that are low.

Regarding Teams – IPSC Canada will announce the members of their official teams attending the World Shoot when we have slot allocations and team members have confirmed acceptance and agreed to the conditions and responsibilities of being a team member. Until that time, No one is officially on a Team in IPSC Canada.

At this time, contact your Section Coordinator and tell them you want to go.
That's all that can be done right now.

Sincerely

Sean Hansen,
IPSC Canada
Regional Director
